

## **Report of the Slovenian EUSTORY History Competition 2014-2015**

The Slovenian history competition in the school year 2014/2015 had the topic "Remembering World War One". We received 13 papers, written by 25 students. The entries were mainly from the same schools as usual. Among the three winning papers, two were focused on memories and local history.

The best contribution presented the attitude towards the assassination in Sarajevo on June 28<sup>th</sup> 1914 in Slovenian and Austrian textbooks. The award ceremony took place in the "Museum of Contemporary History" in Ljubljana on 19<sup>th</sup> May 2015 where the students gave some excellent presentations on their research.
